ALL•PURPOSE HEADPHONES

What does the HD562 really sound like?

If you want to have the ultimate musical experience, free of limitations and reaching to the very depths of your musical soul, then the HD562 is what you're looking for.

Featuring a tailored sound profile with extended frequency response and higher sound pressure level, the HD562 is an all-purpose headphone capable of revealing every detail of the sound. Its light-weight and soft cushioning makes the HD562 comfortable even in a long session. Its excellent isolation also makes the HD562 perform well in high noise environments while a rotatable ear cup allows for single-ear monitoring. People will find the HD562 is the right choice in headphones, perfect for music/entertainment, ENG, live or studio use and also ideal for cameramen and DJs.

- Comfortable fit due to its light-weight, split headband and soft ear pads
- Excellent noise isolation achieved by its closed design
- Swiveling ear cup for single-ear monitoring
- Detachable cable
