

HD387i

IN-EAR HEADPHONES WITH REMOTE AND MIC

Description

HD387i includes an in-line remote control with microphone for your smartphone or iDevice. It is able to:

- Adjust the volume by pressing the "+" and "-" buttons.
- Control music and video playback — including play / pause and next / previous — by pressing the centre button.
- Record voice memos on supported devices.
- Answer and end calls.

Features

- Cubic backcup design delivers the bass reflection effect same as the speaker cabinet to provide deep but clean bass frequency for wide range use
- Ø8mm driver provides wide and flat frequency response and studio-level sound quality
- Equipped with three different sizes of earplugs and earhooks for every individual to find the best fit
- Ergonomic design improves the stability on ear and prevents fall off easily
