

Tom's Family MICROPHONE SERIES

Karaoke Microphone

Tom's
Angel
Tom's II
Linda
Tom's III
Ruby

Description

Tom's family microphone series is specially designed for the KTV market. It combines fashion and professional sound quality and reliability, successfully capturing all KTV customers.

Tom's family microphone series has 6 models in three groups: TOM'S & ANGEL, TOM'S II & LINDA, TOM'S III & RUBY. These express the concept of three generations singing together, and the microphones can meet the requirements of all ages.

The high quality ND magnet and double-layer dome diaphragm design make it easy to sing, and the reinforced steel grille and anti-rolling design makes it perfect for KTV.

Features

- International vocal frequency response standard reproduces the high band detail and powerful low band
- Supercardioid directivity with high gain before feedback
- 6 colors to choose from
- 3 frequency responses to suit different sound characters
