

TOP-248/248S/258

Professional Leading Singer Series

SuperCardioid Dynamic Mic

Description

TOP-248/248S/258 is developed upon the base of high quality mic PRO-248, This series is also adopt Nd magnet, aluminum voice coil, dual membrane dome diaphragm and output transformer, so that it results high sensitivity and wide extended frequency response. In addition, we **let 60-240Hz (the lower end of PRO-248) properly boosted**, then the tone sounded more deep and rich. It is suited for professional miking and project studio performance. The hardened steel mesh grill basket and gold plated three pin XLR connector shows that it will be your best selection.
